Pacheco to GOP: Rhode Islanders Deserve Answers

Providence – Rhode Island Democratic Party Chairman Ed Pacheco today issued a statement questioning the GOP regarding the tumult in the Republican ranks of the Rhode Island House:

“Based on the letter issued by House Republican Leader Brian Newberry, with regard to the expulsion of Tiverton Representative Dan Gordon from the House Republican Caucus, the public deserves answers. Rep. Gordon proved himself unworthy of public office with his unbecoming, disrespectful remarks during the Gay-Straight Alliance issue, but that was back in the spring. Republicans owe Rhode Islanders a further explanation as to what Gordon said and/or did to prompt his removal.”
